- The value of the current two year contract term, 1/1/03 through 12/31/04, is approximately \$255,000 (\$127,500 annually). Past expenditures, however, is no guarantee of future earnings.
- The number of guards to be provided varies, dependent upon State needs. Looking at the current rates and the annual dollar expenditure, could provide a historical number.
- Services generally seemed to be required in the metropolitan Providence area (Providence, Cranston, Pawtucket) but services could be required at any State facility in Rhode Island.
